Subject: No nuclear waste please!!!

We are appealing to your highest level of consciousness. Please, in the name of God, do allow this to happen. Somewhere, deep inside, there must be a spark of truth that will allow you to see how wrong this is in the eyes of God and Nature. Please think of our children, your children and this beautiful planet we live on, and not just till tomorrow, but hundreds, and thousands of years yet to come. We, the people do not want any waste site in WNC. We the people, that is unless you have reached the point that is no longer honoring 'by the people and for the people'. Thank you for your time, if you read this at all, and please take to heart.

Jeff Johnson
